Examples

Example 1: You have included **FSI** in your LA, a 6 ECTS subject from the first semester in the third year of the Degree in Computer Engineering. The semester timetable for that degree and course looks like this:

Grupo 1	LUNES				MARTES				MIÉRCOLES				JUEVES				VIERNES

There is only one group (Grupo 1) for lectures (orange), so nothing to choose from. You will receive two lectures a week on Tuesday at 16:00 and on Wednesday at 19:00.

For exercises (blue) you have two groups (17 y 18). If you choose 17, you will have lectures on Tue at 19:00, and if you choose 18, on Mon at 15:00.

For labs you have 4 groups, two associated to group 17 (41 and 42) and two associated to group 18 (43 and 44). If, for example, you choose 17+41, you will have two lab hours on Friday 18:00-20:00 every two weeks (note the "i" denoting non weeks).

Example 2: **ASO** has one lecture hour a week on Wed 20:00. It has no exercises and three lab hours a week. If, for example, you choose group 43, you will have lab hours on Thursday 18:00-21:00.

Registering / Enrolment procedure

1. You need to have the signature both ERASMUS coordinators (home and me) in your Learning Agreement / OLA **<u>BEFORE</u>** contacting administration.

2. **Send an email to <u>admon_einf@ulpgc.es</u>** (put <u>sri.eii@ulpgc.es</u> in CC) asking for enrolment, attaching **all-signed LA**. You have to **specify the groups you want** for EII subjects. If you have subjects from other schools/faculties, you will need to ask later for group assignment to the corresponding coordinator, once you receive the enrolment receipt.

3. <mark>**Check that your enrolment matches your LA**</mark>.

CLASES WILL START ON <mark>Sep10</mark>

You need to be enrolled and assigned to groups before that date

IMPORTANT: if your official mobility period does not match your LA, you will be enroled only in the compatible components. You have to contact your home university to ask for mobility period extension, if supported by the bilateral agreement.

Campus Virtual

You will receive from administration an **enrolment receipt** with your access user (usuario) and password (contraseña) marked in bold. The information with all your courses (**Moodle platform**) is available in the **ULPGC Campus Virtual** normally one day after completing the enrolment. Note that sometimes you need to enter only the first 8 digits of your ID as user.
Once logged, you will see a list of all your subjects with access to the subject Moodle information: materials, tasks, deadlines, etc.

Its important to try to attend to the **first lecture** of every subject, because there the teachers will explain the Teaching Project (Proyecto docente de la asignatura – PDA). They will comment how the teaching is organized, the expected assignments, practices, the exams, the pass requirements, etc. In any case, the document is in the Moodle of every subject.

Group changes

The groups can be selected in the Campus Virtual (preferable) or assigned automatically. If you need to change your group, there will be an online tool available or you have to fill [this form](#) during the first week of the semester, and send it via [Sede Electrónica](#) ULPGC.

Ask me for help if you get lost in the procedure (even our students do).

Changes to LA

Changes to LA are allowed during the **first month of every semester** with the following conditions:

- You have completed the During the Mobility section of your LA.
- First two weeks of classes: approval from your home coordinator (electronic signature preferable)
- From then on, only exceptional changes with a valid justification are permitted. Additionally, you will need the approval of the teachers in charge of the dropped and added courses.

After coordinators' approval you need to send email to admon_einf@ulpgc.es to ask for making the changes effective in your enrolment. And later **check that your enrolment matches the updated state of your LA** (see MiULPGC -> MiMatrícula).

Exam Resit / re-take

Exams re-takes for failed subjects will be scheduled in July ("convocatoria extraordinaria"). There is a possibility of synchronous remote examination if you have already returned, but it requires:

1. Get the approval of the ULPGC **teacher and inform me**
2. Get the approval of your **home coordinator** to have an exam **supervisor** in your university
3. Contact sri.eii@ulpgc.es at least **one week before** the exam date

End of Mobility

You will need to **ask for your final ToR by email** some weeks after the evaluation period corresponding to your mobility period finishes (either by the end of January or the end of July). Depending on administration workload the ToR can be delayed further. If you have a specific deadline, you have to send an email to sri.eii@ulpgc.es and I will try to speed the process up.

Only subjects you are officially enrolled in will appear in the document. So it´s important to always **check in advance that the contains of MiULPGC->MiMatricula match your updated LA.**
